ANNEXURE (B)

TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF PATDIAM JEWELLERY LIMITED:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Patdiam Jewellery Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31,2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

K) RESEARCH AND DEVELOPMENT EXPENDITURE :

Revenue expenses on Research & Development are charged to the Profit & Loss Account in the year in which these are incurred. Capital expenditure is taken as addition to the fixed assets.

L) PROVISION FOR CURRENT AND DEFERRED TAX :

Deferred tax asset / Liability is Nil as there is no Timing Difference on account of Income referred to in Profit and Loss account and Computation of Income.

Income Tax expense comprises current tax (i.e. amount of tax for the year determined in accordance with the Income tax law and deferred tax charge or credit.

Deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge of credit and corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however where there is unabsorbed depreciation or carry forward losses, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and are written-down or written-up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realised.

M) PROVISIONS / CONTINGENCIES :

A Provision is created when an enterprise has a present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount and it is probable that an outflow of resources will be required to settle the obligation. A disclosure for contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

The Company does not recognise assets which are of contingent nature until there is virtual certainty of reliability of such assets. However, if it has become virtual certain that an inflow of economic benefits will arise, assets and related income is recognised in the financial statements of the period in which the change occurs.

N) EARNING PER SHARE :

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. PATDIAM JEWELLERY LIMITED

NOTES ON ACCOUNTS FOR THE YEAR ENDED 31st MARCH, 2017

- 34** During 2006, company has acquired some equity interest (equal to 18%) in two USA based companies, namely American Value Chain Inc(AVC) and Gems Media LLC (GM) by the investing in the aggregate a sum of US \$ 2,00,000 (Equivalent Indian ` 92,55,666/-)(US \$ 190000 in AVC and US \$ 10000 in GM-Equal to ` 87,92,568/- in AVC and ` 4,63,098/- in GM). Subsequent to investment both companies run in to trouble and incurred huge loss. The aggregate loss as on April, 2008 was US \$ 47,45,220.67. However, company had a share holder agreement with other share holders of these companies where in it was protected from the loss and was given an exit option at a valuation of its interest for US \$ 9,80,456.13, after 2009. Company has exercised its option and claimed that other share holders buy out its interest at an agreed consideration in terms of share holder's agreement. However, other share holders had initially sought an extension of time, Ever after expiry of extened period, they have used delaying tactics citing huge loss, financial crunch etc as reason. Pending action in terms of share holder's agreement, company continue to present its investment as such and has not considered any provision for diminution in value of its investments in terms of theoretical value of its equity interest. Also, it has other trade receivable of US \$ 1,76,741.72(Equivalent Indian ` 11,046,358/- as at year end) due from GM which it has continue to carry at book value. In the mean time company came to know that order share holders have put in more equity fund in the companies and raised their interest developments and after having exhausted all informal channels, finally in current financial year i.e.in F.Y.2015-16 company has lodged a suite in court of law in USA and claimed remedy and specific performance under share holder's agreement. It has made a plea before th court of law that its equity interest be brought out and it be paid compensation as per share holder's agreement. Management if the company has been advised by its USA Lawyers that, there is more than probable chance of it getting its claim. Considering this company has continued to show it investment at cost and other receivables from these companies at book value and has not make any provision for loss by way of diminution in value of investment or bad debts for book debts. However as it has now filed a suite and expressed its intention to transfer or sale its equity interest in those companies, same has been classified as current investments.
- 35** The company has demand in respect of Income Tax for the Assessment Year 2013-14 of ` 1,44,430/-, Assessment Year 2012-13 of ` 74510/-and Assessment year 11-12 of ` 25,41,407/-.
- 36** The previous year's figures have been regrouped and rearranged wherever necessary to make in compliance with the current financial year.
